

Footy Clinic

On Thursday, 16th September we had a wonderful Footy Day at kinder. We sang all the different teams' theme songs as well as our special footy song and we ate pies and sausage rolls at snack time. Adrian Fisher, who works with Moorabbin Saints Junior Football League AFL umpires who umpire for the junior leagues, came to our kinder to conduct a footy clinic. It was great. He put the children into 4 teams and we played many different games. In the first event the children had to race to the centre, collect a football and run back with it to their team. They kept going until all the footies were gone and the team with the most balls won. In another game the children made 2 long lines with a gap in the centre for the children to run through.

The children on the sides had to throw the football to try and tag the children running through the centre with the ball (like poison ball). If you were tagged you joined the cheer squad. The children also played a game where they had to try and kick the footy into the middle. Some of the children were really good at kicking. The children played a type of tunnel.
