

# Starlings - Grandparents and Special Friends Day

Fortunately we enjoyed wonderful weather on this day and were able to offer both indoor and outdoor activities. It was wonderful to watch children excitedly introduce their special guest to many preschool activities. They were able to spend time exploring their favourite activities along with sharing time with friends. In the weeks leading up to our special day the children had been keen to complete making hand - made soap to give as their personal gift.

One mother (who asked to remain nameless) very generously provided some beautiful home-made cakes, biscuits and other yummy treats. We appreciated her thoughtfulness and effort in making our day extra special.
