

Lorikeets & Rosellas – Mother's Day Morning Tea

Our Mother's Day morning teas were wonderful for everyone; it is always such a special morning for children and mums to share. The children were very proud of the gifts they made for you and loved giving you your special Mother's Day massage. Thank you to all of the mums who have written a "love letter" to their child ... it is delightful to read them to the children and the children are thrilled to hear how much you love them.
