

Christmas Nativity Play – Lorikeets and Rosellas

Our Christmas nativity play was such a special way to end the year. The children enjoyed learning about the true story of Christmas and excitedly practiced the songs and the play. Our wonderful parent community designed and created the most amazing costumes for the children to wear which have been stored for use in future years. On the day, we don't know who was more excited ... the children or the families! The children certainly looked the part and they remembered all of the songs and actions that they had been practicing. It was a touching end to the kinder year with many emotional and impressed parents in tears, giving hugs and special kisses to some very proud children.
