

Police visit Lorikeets & Rosellas

One of the children's relatives who is a police officer came to the kinder to speak to our four year old groups. Michelle spoke to the children about what police officers do and how they help people when they need it. With lots of good ideas from the children, she talked about the different things she does in a day catching people who steal things, giving people speeding fines, helping lost children and answering the phone. She talked about what to do in an emergency ... to call 000 on the phone, telling the person on the phone your name and address.

The children learned what to do if they ever get lost - to find someone wearing a uniform that can help them. Michelle then showed the children all the different things that were on her belt: handcuffs, a baton, capsicum spray, a radio, a phone, keys, a gun and bullets, rubber gloves, a pen and a notebook.

After this all children had the opportunity to hop into the police car to get the red and blue lights flashing, and to turn on the siren. It was very, very LOUD!!! We wrote a letter of thanks to Michelle to let her know how much we enjoyed her visit.

Mrs Jenni – Lorikeets teacher
